Live Resin, Distillate

## Certifications & Lab Tests

MSDS

Heavy Metal Test

# VATRA PRO TC

This product specifically applies to the vaping devices manufactured by iKrusher  
11818 Clark St Arcadia, CA 91006

## Technical Specifications

**Max Fill Volume**  
1.0 mL  
2.0 mL

**Weight (Empty)**  
20.2 g (1.0 mL)  
19.9 g (2.0 mL)

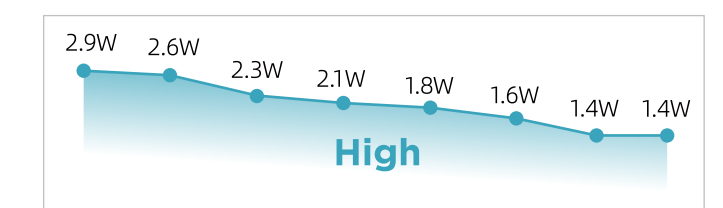

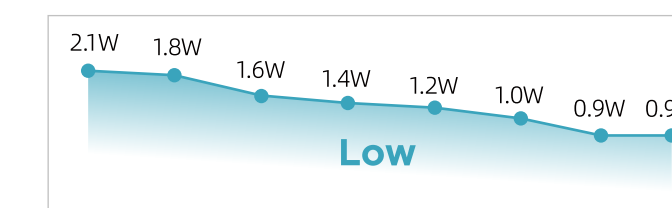

**Mouthpiece Capping Method**  
Snap-on  
A press machine is recommended for large batches.

**Activation**  
Button Activated

**Battery Capacity**  
265 mAh

**Output Power (Customizable by OMNI App)**

**Low (Default) : 2.1-0.9 W**  
**High: 2.9-1.4 W**

**Atomizer Resistance**  
1.4  $\Omega$   $\pm$  0.1  $\Omega$

**Aperture**  
5.3\*1.5 mm

**Charging Port**  
USB Type-C

**Key Components Material**  
Mouthpiece: Food Grade PC  
Tank: Medical Grade PCTG  
Heating Element: iKonic Flux Ceramic Coil  
Battery Shell: PC

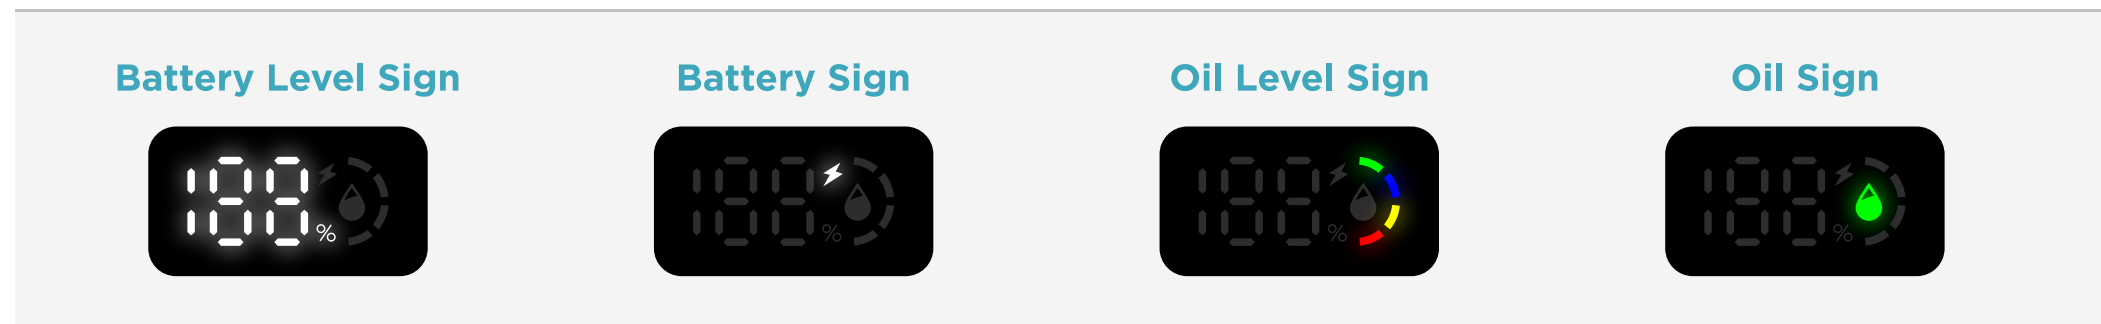

**Customization Capability**  
Atomizer Resistance Modification  
Customized Logo, Color, and Surface Finish  
Customized Oil Window, Mouthpiece, and Lanyard  
Temperature Curve Modification
